Unit 1, Unit 5, the lab building and the items not marked for Demo are still in place.

Thanks,
Annette

On slide #11 that shows the map of demolition of onsite structures. Are all these structures gone now? I'm asking because you mentioned on the phone today that all the demolition has been completed?

Sincerely,

Valmichael Leos

This is perfect! Why recreate the wheel? I can use a lot of this historical site information for my introductory site slides. Thanks!

Sincerely,

Here is the presentation I was referring to earlier, hopefully you can utilize some of the maps.

Regards,
Annette
